International School Bangkok

It is our intention that students should have some flexibility in the way they prepare for their examinations and in the times they attend school. Such an arrangement can only operate successfully if it is structured with some clear understanding and basic rules:

➢   If a student has no examinations during a particular session they are free to study at home.
➢   Once a student is dismissed from their examination they may leave school, provided they present a signed EARLY DEPARTURE PERMISSION to the guard at the gate. STUDENTS WHO REMAIN IN SCHOOL MUST REVISE IN THE DESIGNATED AREAS.

This form must be completed in advance and handed in at the main gate of school.
